The COVID-19 pandemic has profoundly impacted the global economy, raising fundamental questions about the future of capitalism. In this thought-provoking book, renowned economist Dr. Michael Spence brings together 21 leading economists from around the world to offer their insights and recommendations for navigating the challenges and opportunities ahead.

## A Comprehensive Examination of Capitalism's Evolution

*Capitalism After Covid* delves into a wide range of economic issues, including:

- The impact of the pandemic on global inequality
- The role of globalization in a post-Covid world

- The challenges and opportunities of technological advancements
- The need for greater sustainability and environmental stewardship
- The future of work and the changing nature of employment
- The role of government and economic policy in shaping the future of capitalism

## **Expert Insights from Leading Economists**

Each of the 21 economists featured in this book brings their unique perspectives and expertise to the table. These include:

- **Joseph Stiglitz** (Nobel Laureate in Economics, Columbia University)
- **Mariana Mazzucato** (University College London)
- **Branko Milanovic** (City University of New York)
- **Dani Rodrik** (Harvard University)
- **Ha-Joon Chang** (University of Cambridge)
- **Carmen Reinhart** (Harvard University)
- **Kenneth Rogoff** (Harvard University)
- **Lawrence Summers** (Harvard University)
- **Olivier Blanchard** (International Monetary Fund)
- **Raghuram Rajan** (University of Chicago Booth School of Business)
- **Eswar Prasad** (Cornell University)
- **Jayati Ghosh** (Jawaharlal Nehru University)
- **Joseph E. Stiglitz** (Columbia University)

- **Thomas Piketty** (Paris School of Economics)
- **Syed Mansoor Naqvi** (IBA - Institute of Business Administration)

## **Unveiling the Potential for a More Equitable and Sustainable Capitalism**

Through candid conversations and thought-provoking essays, *Capitalism After Covid* paints a nuanced picture of the challenges and opportunities facing capitalism in the 21st century. The contributors offer innovative solutions and policy recommendations that aim to:

- Reduce global inequality and promote social justice
- Foster sustainable economic growth that is decoupled from environmental degradation
- Harness technological advancements to create new opportunities and improve living standards
- Create a more resilient and inclusive economic system that benefits all

## **Essential Reading for Policymakers, Business Leaders, and Economists**

*Capitalism After Covid* is an indispensable resource for anyone interested in the future of the global economy. It is a must-read for policymakers, business leaders, economists, investors, and anyone seeking insights into the complex challenges and opportunities facing capitalism in a post-pandemic world.
