A journey into the heart of American power and the intersection of faith, politics, and social justice

Michael Wear's *Prophet in Politics* is an extraordinary journey into the intersection of faith, politics, and social justice. Drawing on his unique experiences as a faith advisor to President Barack Obama and as a leader in the movement for racial justice, Wear offers a fresh and insightful perspective on the role of religion in American society.

Weaving together personal stories, theological reflections, and historical analysis, *Prophet in Politics* examines the ways in which faith has shaped American politics from the founding of the nation to the present day. Wear argues that at its best, religion can be a force for good in the world, inspiring people to fight for justice and equality. However, he also recognizes the ways in which religion can be used to justify violence, oppression, and discrimination.

Through the lens of his own experiences, Wear explores the challenges and opportunities facing religious leaders who seek to engage in politics. He calls on people of faith to be prophetic voices, speaking out against injustice and advocating for the marginalized. At the same time, he urges

them to be humble and to listen to the voices of those who disagree with them.

Prophet in Politics is a must-read for anyone interested in the intersection of faith and politics. It is a timely and important book that offers a fresh perspective on one of the most pressing issues of our time.
