## By Aleida March

Remembering Che: My Life With Che Guevara is a powerful and inspiring memoir by Aleida March, the widow of Che Guevara. March offers a unique perspective on the life and work of one of the most iconic figures of the 20th century.

The book begins with March's account of her first meeting with Guevara in 1958. She was a young woman working as a nurse in the Sierra Maestra mountains when she met the charismatic rebel leader. March was immediately drawn to Guevara's intelligence, passion, and commitment to social justice.

The two quickly fell in love and were married in 1959, shortly after the Cuban Revolution. March played a vital role in the revolution, serving as a nurse and a political organizer. She also traveled with Guevara on his many international missions.

In Remembering Che, March provides a firsthand account of Guevara's life and work. She describes his childhood in Argentina, his early political activities, and his role in the Cuban Revolution. She also discusses Guevara's internationalism and his commitment to fighting for social justice around the world.

March's memoir is a valuable contribution to the historical record of the Cuban Revolution. It offers a unique perspective on the life and work of one of the most important figures of the 20th century. Remembering Che is a must-read for anyone interested in the history of Cuba, Latin America, or social justice movements.

## Reviews

"A powerful and inspiring memoir by the widow of Che Guevara. March offers a unique perspective on the life and work of one of the most iconic figures of the 20th century." - The New York Times

"A must-read for anyone interested in the history of Cuba, Latin America, or social justice movements." - The Washington Post

"A valuable contribution to the historical record of the Cuban Revolution." - The Guardian
